TELEPHONE 442-3260

JULY, 1968

MONTANA STATE LIBRARY

3 0864 1002 4755 3

GENERAL INFORMATION

The State Telecommunications System consists of a PBX System and a network of leased long distance circuits interconnecting the cities listed on the inside of this directory. Official calls may be made through this system to any telephone subscriber in the State as well as to State Government Agencies covered in this directory. Direct dialing as provided by this system permits station-to-station local and long distance calls assuring Agencies prompt and economical telephone services.

THE STATE NETWORK SHALL BE USED FOR OFFICIAL GOVERNMENT BUSINESS ONLY.

In order for each agency and user to receive full benefit of the state network it is essential that the following instructions be used in making calls. To avoid unnecessary calls to the information operator, each user should maintain a comprehensive list of frequently called numbers.

TO CALL A LOCAL EXTENSION from an extension phone, dial the three digit number listed when dial tone is heard after lifting hand piece.

FOR NUMBERS NOT LISTED in this directory, dial "O" for PBX operator who will give you the number to dial.

TO CALL LOCAL HELENA AREA NUMBERS dial "9", wait for second dial tone, then dial the seven digit central office number. Public Instruction and Fish and Game, dial 9 twice. Vocational School dial "8" to reach Capitol complex.

TO REACH INFORMATION OPERATOR from Capitol PBX extension phone, dial "9", wait for dial tone, then dial 411.

TO TRANSFER AN INCOMING CALL operate the receiver hook or switch slowly five or six times and request operator to transfer the connection to the desired extension number.

TO CALL LONG DISTANCE OUT OF MONTANA Dial "O" for Capitol PBX operator who will place the call for you. Give her your digit extension, name and 7Q3 billing number.

TO CALL LONG DISTANCE WITHIN THE STATE OF MONTANA to a state agency in:

Billings.....	Dial "88" and extension number *	
Bozeman.....	Dial "85" and extension number *	
Butte.....	Dial "82" and extension number *	
Great Falls.....	Dial "87" and extension number *	
Missoula.....	Dial "86" and extension number *	
Miles City.....	Dial "83" and extension number *	

* For PBX Operator at each location Dial "O" instead of Extension No.

* State Agency extension numbers located out of town as shown above can be found in the back of this directory. If the agency is not listed, use the dialing arrangements outlined below.

GENERAL INFORMATION (Continued)

To call station to station from a Capitol PBX extension to a central office number in:

Billings Dial "88" and "9" and seven digit central office number.*

Bozeman Dial "85" and "9" and seven digit central office number.*

Butte Dial "82" and "9" and seven digit central office number.

Great Falls Dial "87" and "9" and seven digit central office number.*

Missoula Dial "86" and "9" and seven digit central office number.*

Miles City Dial "83" and "9" and seven digit central office number.*

*A second dial tone will be heard on all central office calls immediately after the digit "9" has been dialed.

To call station to station from a Capitol PBX extension to all other **dialable** cities in Montana, dial "1" and "1" and the seven digit central office number.*

*After dialing the first "1", a second dial tone will be heard.

To call station to station from a Capitol PBX extension to a **non-dialable** city in Montana, dial "1" and "0". A telephone Company operator will place the call for you. When she asks, "What number are you calling from?" give her 037-0100." This is a special number to be used only in calling non-dialable cities in Montana.

To reach out of town telephone information operator from a Capitol PBX extension, dial "9" then "1" followed by "555-1212" and ask operator for distant city information. Before the information operator answers, an attendant will ask for your telephone number. Give her your assigned 7Q3 number.

BILLINGS GENERAL INFORMATION

The State Telecommunications System consists of a Government network of leased long distance circuits interconnecting the cities listed on the inside of this directory. Official calls may be made through this network to any telephone subscriber in the State as well as to State Government Agencies covered in this directory. Direct distance dialing as provided by this system permits station-to-station long distance calls assuring Agencies prompt and economical intercity telephone services.

THE STATE NETWORK SHALL BE USED FOR OFFICIAL GOVERNMENT BUSINESS ONLY.

In order for each agency and user to receive full benefit of the state network, it is essential that the following instructions be used in making calls. To call station-to-station from a PBX extension to a State Agency in:

Bozeman.....	Dial "885" and extension number. *	} For PBX Operator at each location Dial "O" instead of Extension No.
Butte.....	Dial "882" and extension number. *	
Great Falls.....	Dial "887" and extension number. *	
Helena.....	Dial "8" and extension number. *	
Missoula.....	Dial "886" and extension number. *	
Miles City.....	Dial "883" and extension number. *	

* State Agency extension numbers in out of town locations shown above can be found in this directory. If the agency is not listed, use the dialing arrangement outlined below.

To call station-to-station from a PBX extension to a central office number in:

Bozeman Dial "885" and "9" and seven digit central office number.*
 Butte Dial "882" and "9" and seven digit central office number.*
 Great Falls Dial "887" and "9" and seven digit central office number.*
 Helena Dial "8" and "9" and seven digit central office number.*
 Missoula Dial "886" and "9" and seven digit central office number.*
 Miles City Dial "883" and "9" and seven digit central office number.*

*A second dial tone will be heard on all central office calls immediately after the digit "9" has been dialed.

To call station-to-station from a PBX extension to other **dialable** cities in Montana:

Dial "81" and "1" and seven digit central office number.*

*After dialing "81" a second dial tone will be heard.

To call station-to-station from a PBX extension to a **non-dialable** city in Montana:

Dial "81" and "O" A Telephone Company operator will place the call for you. When she asks, "What number are you calling from? say 037-0100." This is a special number to be used only in calling non-dialable cities in Montana.

To reach out of city telephone information operator from a PBX extension:

Dial "9" then "1" followed by "555-1212" and ask operator for distant city information. Before the information operator answers, an attendant will ask for your telephone number. Give her your assigned QZ number. Employment service telephone users prefix all above dialing instruction with "85".
